Topic: Comprehension and Verb (Present Tense)

Black Beauty

When I was young, I stayed with my mother all the time. I ran by her side in the day and slept near her at night.

Every day, my master came to the field and called me. He gave me a piece of bread and he gave my mother a carrot. I liked him very much. I always put my nose into his hand and blew gently on it.

When I was a little older, my master taught me some lessons. I had to learn how to carry him on my back and how to pull a carriage. My master was a kind teacher who never punished me. Although it was hard work, I learned my lessons well.

One day master brought another man to see me. The stranger climbed on my back. "He's a beautiful horse," he said. "I want to buy him. I'll call him Black Beauty." The next day, my master came and spoke very gently. "Goodbye," he whispered to me. I put my nose into his hand and felt very sad. I did not see him or my mother again.
