

Fr. Agnel School, Noida
Class - II
Speed Math Challenge

On the 14th of January, a Speed Math Challenge for Class 2 was held in order to develop Mental Mathematical skills. A set of ten questions were given to each child through a PPT. These questions required logical reasoning as well as basic Math skills. They were graded based on their accuracy and the amount of time it took them to answer the questions. It was carried out through the lobby system of MS Teams.
