**English Competition: Spell Bee Competition Results**

Spelling is a crucial language tool. Children who learn to spell are better readers and writers. In order to support our students in this area, we held "**The Spell Champ,**" a "**Spell-Bee Competition,**" during school hours. There were two rounds to it. Every student in the first round experienced competing in a "Spell-Bee Competition." Seeing how hard every student was working for the competition was exciting. The competition's final round featured the students who were chosen from the first round. All of the chosen students stepped up with confidence for the final round and performed admirably.

**Below are the results of the English " Spell- Bee Competition" 2023-24**
