

Dear Parents,

The Father Agnel Team endeavours in its constant pursuit to make things better and provide technologically advanced systems in school for the students and parents. Another initiative in this direction is the deployment of **Tracko**- an advanced bus tracking and monitoring GPRS which is now active in all the school buses for the academic session 2022-23.

Tracko system uses advanced GPS tracking and provides real time online tracking of a bus -both for the school as well as for parents. The movement of the school bus can be tracked using the mobile app enabling better information as to the safety and whereabouts of your child travelling in the route.

- For Android User: Go to Play Store and Type “Tracko” and Download the Tracking App. <https://play.google.com/store/apps/details?id=com.mavericklabs.tracko>
- For IOS User: Go to App Store and Type “Tracko” and Download the Tracking App. <https://apps.apple.com/in/app/tracko/id1452027587>

Steps:

1. Download the tracking app
2. Enter the User Name and Password as given in the table below

Route Number	User Name	Password	Route Number	User Name	Password
1A	9971587870	fasn@track22	22	2022090909	track@22
