Subject: 'Clay Modelling' (Activity with clay)

"You can't use up creativity. The more you use, the more you have." Maya Angelou

Dear parent,

Clay modelling is a fun way to create something and play 'make believe' for kids. Clay is a medium that promotes creativity. It is especially beneficial for pre-school children – it helps promote self-confidence, encourages self-expression, and develops problem-solving skills. Working with clay is a positive way to express emotions, a good stress-reliever and calming pastime for kids. Since it is different from other mediums, children are naturally drawn to experiment with this fun material.

To ignite the young minds, we have scheduled '**Clay Modelling' (Activity with clay)** for children of Class KG from **08:45 am-09:20 am** with the Class Teacher.

20.04.2022 (Wednesday) -Roll # 1-22

21.04.2022 (Thursday) -Roll # 23-44

IMPORTANT-

- Children who are coming to school on regular basis will be permitted to do this activity as per their allotted roll number day only.
- Child has to bring his/her own clay / play dough for the activity.
- Please help /encourage your child to practice and create a model using clay/play dough.
- Your child will be doing the moulding and creating of the objects on- the- spot- independently.
- This activity is designed and planned for your child to express himself/herself through his/her creativity and imagination. Kindly give a free hand to your child to express himself/ herself.
